

NAVONA

The new classicism

Floor: NV10 Bianco Rect.

A pure and classic natural travertine stone with the look of old world materials. Navona is the perfect blend of earthy, authentic beauty and enduring value.

In a world steeped in tradition, and one that seems to value the old before the new, it's worth noting that travertine is not only one of the most popular stones in Europe, but none of the most sought after materials in contemporary interiors across the globe.

Navona is produced in 3 shades:
Bianco, the most authentic, bright, pure color;
Sabbia, an intense, textured beige that is
extremely up-to-date and refined;
Grigio, the range's most minimal and
elegant shade.
